You are Invited to the Oregon **BLM PUBLIC** **OPEN HOUSE**

NILS GeoCommunicator **Learn how to:**

- Download PLSS data (Township/Range/Section grid).
- Map BLM land and mineral use authorizations such as: oil and gas, geothermal, coal, mineral material disposal, rights-of-way, stipulations, conveyances, mining claims, and more.
- Link parcels directly to LR2000 reports
- Map grazing allotments and pastures-link allotments to grazing reports.
- View federal surface management agency boundaries and U.S. Forest Service sale parcels.
- View and print parcels with reference maps: topographic, aerial photography, federal lands, PLSS, and roads.
- Use GeoCommunicator map services within your own GIS.

Come see the BLM's Land and Mineral Use Records systems. This Open House can benefit energy, title, utility, education, mining, and environmental users.

LR2000

Learn how to:

- Run reports from LR2000 such as serial register pages, geographic reports, customer reports and more.
- Run reports with search options such as date, land description, serial number, etc.
